REPORT OF PLANNING BOARD OF GILFORD

1963

Shortly after its inception the Planning Board for the Town of Gilford embarked on a study of land use in the town. It was from these studies that land use maps were prepared and fully discussed. Invitations were sent to all interested parties in the formation of a zoning ordinance based on these land use maps. Two public hearings on the proposed ordinance were held and changes desired by the majority of those present incorporated into the ordinance. The zoning ordinance was finally presented to the town at a special town meeting and passed with the necessary majority.

At present, the Planning Board continues to meet on a regular schedule and is considering various means to recognize the greatest value for the benefit of the town in the use of the newly acquired beach property adjoining the Gilford Beach.

It is hoped by the Planning Board that its study and recommendations in these and various other areas may continue to be of benefit in the future to the Town of Gilford.

Respectfully submitted,

HONNOR W. WILEY,
Secretary

REPORT OF THE TRUSTEES OF GILFORD PUBLIC LIBRARY

1962

Last year, the State Library awarded us \$200.00 for our project of building up the book collection for the Junior and Senior High school students. With our library discount, this amounted to nearly \$300.00 worth of books.

The Lakeport Women's Club again sponsored our librarian, Mrs. Taylor, for a scholarship to attend summer classes at U. of New Hampshire in "Public Library Techniques." She took courses in cataloging (advanced) and services for children. She also wrote a lively article which was later printed in *North Country Libraries*.

Mrs. Taylor, Mrs. Simonds and Mrs. Pratt attended a meeting at New Hampton Library where Mrs. Taylor took part in a panel discussion on American Library Association standards. She recorded notes on "The Photo Story" at the publicity conference at U. N. H. in November.

Mrs. Lindsay and Mr. Lord were present at the area meeting at the New Hampshire Trustee's Association at Laconia Public Library in March to discuss the U. N. H. survey of public libraries. Mr. Lord was on the Governor's Committee for Better Libraries.

The Trustees and Mrs. Taylor met with Mr. Emil Allen of the State Library to discuss services and facilities of our library, in relation to the state survey of the Gilford Library, headed by Mrs. Margery Hopkins. We felt that we should open a greater number of

hours and try to make the best use of our available space rather than enlarge the building at this time.

Shelving for back-issue magazines has been added downstairs; the bathroom has been installed and a new typewriter purchased. We now have a delayed action light switch for the porch light which is a great help on dark nights.

Our unofficial Friends of the Library have been busy; we especially want to thank Mr. Oliver Colby, Mrs. Robert Hinds, Mrs. Carolyn Stanger, and the Village Store. Mr. and Mrs. Dave Smith have contributed beautiful flowers including the gladiolas for Old Home Day and the poinsettia at Christmas time. Mrs. I. Starr and her sons Bobby and Bram brought to the Library displays and window decorations for Christmas. At the present time, Allen Taylor is substituting for Dave Smith.

Mrs. Ruth Pratt, our new assistant librarian, has been a welcome and efficient addition to the staff.

Respectfully submitted,

ELEA LINDSAY,
Chairman, Trustees

Report of Librarian of Gilford Public Library

1962

A general steady upward curve in circulation indicates the people of Gilford are becoming increasingly aware of their town library and using its facilities much more. We have changed the opening hour of 10 a. m. on Friday to the usual 2 p. m. opening time and in addition, are now opened Monday afternoons from 2 to 6. The student response to this has been such that we realize we are filling a gap in the library services offered the community.

The Library had a display of Old Gilford books during Old Home Day in August and the State Library loaned us a special collection of New Hampshire books for young people and Junior readers. Mrs. Ruth Pratt, assistant librarian, set up a fine book display during the Gilford Grade School P. T. A. October meeting. During Children's Book Week, the school played host to the Librarian at which time a short talk about the library and how to use it was given to the lower grades, quite a few books were displayed and discussed and several folk tales told to the children.. The response was most gratifying and the staff of the school have been very cooperative with the library on assignments and book requirements.

The State Extension Librarian, Mr. Paul Goode, with his Bookmobile driver, Mr. Rodney King, made quarterly visits to the Gilford Library and answered many questions on cataloging and proper library procedure. Mrs. Robert Hinds was a faithful worker during these Bookmobile calls in doing the book arranging and recording.

Mr. Francis Piche donated several hundred plastic bags to be used for book protection during inclement

weather. Mr. Fred Shurbert was helpful in loaning one of his trucks during the all-out weeding session held in the Library cellar during one hot August day. The trustees, Mrs. Elea Lindsay and Mrs. Dorothy Simmonds and the librarian "dug out" several decades' accumulation of moldy books in one of the lesser used rooms in the basement with an eye to future and more productive use of the shelves.

It is encouraging to see the many children enjoying the library and using it regularly for pleasure, school work and resource material. Our reference section is growing steadily with quality material suited for the small library. With increased hours of opening so that we are open part of each day five days of the week, our Library will have taken another step in the direction of maximum Library Standards.

Respectfully submitted,

KATHLEEN B. TAYLOR,

GILFORD FIRE DEPARTMENT

1962

During the past year your Fire Department responded to a total of 64 alarms, of which, 21 were in structures, 23 were in grass or brush, 7 automobile fires, 4 flooded oil burners and 7 Mutual Aid calls. The Lakes Region Mutual Aid Association came to our assistance twice.

The installation of a toilet and shower room at the Glendale Fire Station has been completed as well as improvements to the stairway and a weather hood over the Fire escape. Improvements to drainage at the rear of the building has also been completed.

At the Gilford Village Station, through the generous donation of a local Industry a large pump and storage tank have been installed which now allows us to refill our Tank Trucks inside the building, a convenience which is much appreciated by all personnel.

Through the cooperation of Mr. Horace Ballard and Mr. William Hauck of the County Extension Service, a new Dry Hydrant has been installed at the Village Brook. This new installation makes water from this source available on a year around basis with a minimum loss of time. The importance of this improvement is outstanding since the Village Reservoir has now been discontinued.

It is also noted that similar dry hydrant installations were tested at the residences of Mr. Lawrence Guild and Mr. Leslie Curtis and found to be adequate. Development of this type of water supply for fire protection in remote areas is increasing and is strongly recommended.

We wish to express our gratitude to all who have helped us and particularly to the Volunteers who have donated more than 600 hours labor to various department projects, and fires.

With deepest regret we report the loss of three of our Volunteer members: Mr. Elverton Whitney, Mr. David Keller and Mr. William W. Smith, all of whom served us faithfully over a period of many years.

Respectfully submitted,

ALMOND R. WATSON

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Cost of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 0 fires.

We burned 0 acres.

Permits issued, 636.

Forest Fire Warden, Gilford

REPORT OF THE POLICE DEPARTMENT

For the Year Ending Dec. 31, 1962

I hereby submit my report for the year ending December 31, 1962.

This year, as in each succeeding year, we have found our work load has increased appreciably. This is largely due to two factors:

1. The continuing growth of our community;
2. The improvement of our highway system, which tends to increase the number of transients in this area. In line with our thinking, regarding this second factor, we must bear in mind the improvements in the facilities at the Belknap Recreation Area. These improvements have resulted in more employment and more money being spent in Gilford, but, not without increasing policing problems and costs.

In September, I had the opportunity of enrolling in a course on Criminal Investigation at St. Anselm's College, in Manchester. This very worth-while course was conducted from seven until nine p. m., each Monday evening for a period of seventeen weeks.

In October Sergeant Smith was enrolled in an intensive training program at the University of New Hampshire, under the direction of the State Police. This was a two week course and was provided without cost to the Town.

During the night patrol there were found, 182 doors and 62 windows insecure. Also gas pumps were found to be unlocked or the power turned on, on 14 occasions. In addition to this, there were many occasions when merchandise or personal property was found to be left unattended.

There were 38 motor vehicle accidents investigated, two of which were fatal accidents. There was one death by suicide.

Ten warrants were served for other departments and there were twelve summons issued for other agencies.

Assistance was rendered other departments on 32 occasions, and 22 persons were located.

A list of the arrests for offenses committed within the confines of our town follow:

Assault	1
Crossing center strip	9
Driving while intoxicated	5
Drunk and disorderly	1
Failure to observe stop sign	12
Following too closely	1
Giving beer or liquor to a minor	4
Grossly careless and negligent operation	1
Illegal possession of beer or liquor	8
Illegal transportaion	5
Larceny	2
Misuse of plates	2
Operating without corrective glasses	1
Operating without a license	3
Operating after suspension	1
Operating uninspected vehicle	1
Operating unregistered vehicle	3
Speeding	17
Throwing trash on the highway	1

I would like to take this opportunity to thank all of the departments, agencies and individuals who have participated, in any degree, toward the protection of persons and property.

Respectfully submitted,

CHARLES F. BURDITT,
Chief of Police

2. Housing developments and industrial growth of the area may change the census predictions approximately 10%.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board,
Parents and Voters:

The annual school report furnishes the statistics necessary for an educational history of Gilford.

Budget

The largest items in the budget are tuition with a total of \$105,854.50, principal and teachers' salaries with a total of \$95,684.00, transportation \$30,000.00 regular, debt service \$42,242.00 and operation of plant at \$18,440.00.

New State Financial Accounting System

The State Tax Commission and the State Education Department have instituted in all schools a new financial system that follows the same procedures in most of the United States. This system was placed in effect on July 1, 1962 and it was necessary to convert the budget voted in March, 1962 to the new system. This makes it impossible to compare item expenditures with those previous to this year. The financial statement for 1961-62 is based on the old system.

Gilford Teacher Salary Averages are as follows:

1952-53	\$2,850.00
1953-54	2,878.00
1954-55	3,187.00
1955-56	3,237.00
1956-57	3,461.00
1957-58	3,628.00
1958-59	3,837.50
1959-60	3,976.00
1960-61	4,285.00
1961-62	4,400.00
1962-63	4,553.00

Per Pupil Cost

The state average costs for the 1962-63 year as figured by the State Education Department are as follows:

Elementary Grades 1-8	\$279.00
High School Grades 9-12	457.00

The state average costs for the 1963-64 year, as figured by the State Education Department on the basis of estimated state average per pupil costs in 1962-63 are as follows:

Elementary Grades 1-8	\$295.00
High School Grades 9-12	449.00

The Gilford cost per pupil in residence for the 1960-61 school year, the latest report from the State Education Department, is \$364.22. This average cost is actually low when it is considered that Gilford maintains a class size of approximately twenty pupils per teacher, — thus increasing the cost, — in contrast with some communities maintaining thirty-five to forty pupils per class. The small classes at Gilford explain the excellent teaching results on standard tests through the years and the scholarship and leadership qualities of Gilford pupils in high school and college.

Progress

The Gilford School Board raised the question among its teachers of studying basal readers to see if the best possible books were being used to teach reading. It was fortunate that the five towns of Supervisory Union No. 59 were starting on this project.

Several meetings were held with book company representatives after teacher committees of the five towns had studied the books of twenty book companies. Board members attended the meetings where the final five companies considered made their presentations. The five towns voted unanimously on the latest reading set available. This set combines heavy phonics preparations

with plenty of sight reading and excellent vocabulary, — all of which are very necessary.

The Gilford School Board held a demonstration of the latest visual aid teaching equipment, giving the teachers and the Board information on the new teaching aids. Gilford is probably the leading school in the state on furnishing the latest books, supplies, work books, and equipment for its school pupils.

The School Board also prepared a list of various educational systems or practices which might improve the Gilford schools. The teaching staff voted the following order of importance of these topics on the teacher questionnaires:

1. Remedial Reading Teacher
2. Ability Grouping
3. New Teaching Aids for Mathematics, Reading, Social Studies, and Literature
4. Physical Education for Kindergarten through Grade 6 with a trained specialist.
5. Development of a School Library with a trained specialist available part-time.
6. Annual Testing Program, Kindergarten through Grade 6
7. A Program of School Evaluation
8. Development of a Salary Schedule to attract and retain best teachers
9. Enrichment of Curricula through use of local engineers, scientists, business leaders, and specialists.
10. Thorough Analysis of Standardized Test Results
11. Organized Music Program for Kindergarten through Grade 6 with special emphasis on Music Appreciation
12. Organized Educational Field Trips
13. Complete Testing Program
14. Departmentalization of Grades 5 and 6

15. In-service Training and Specialized Teaching for Remedial Reading, Science, Foreign Language, English, Mathematics

16. Arrangements for Special Conferences between Parents and Teachers

17. Part-time Guidance Director

18. Written Language Program Grades 4-6

19. Public Relations Program with Community

20. Part-time psychologist and psychiatrist

21. Part-time Industrial Arts for boys and girls

22. Development of Dramatics

23. Study of Gilford Graduates in high school and college

24. A teacher trained in French for Grades 3-6

This study gave the School Board real understanding of what schools can do to improve their service to pupils, parents and the public. It is needless to state that many of the items on the list are being done by the Gilford School.

May I express my deep appreciation for the excellent cooperation, diligence, interest in the school problems, understanding, and hard work of the Gilford School Board, Mrs. Esther Peters, Chairman, Mr. William Brisse and Mr. Rowland Keith. Their purpose always has been to improve the Gilford Schools. They have been careful to confine their work to policy-making and policy-evaluation which with finances are the real responsibilities of school boards.

The School District of Gilford has always provided board members interested in education and a school system without politics. This group, with the present school board, includes Winnifred Varney, Rangvald Olsen, Ethel Dolloff, Richard Talbot, Jack Sawyer and James Stamps.

I wish to express my appreciation for the work of the Principal and Teachers, the school secretary, the Bus Operators, the Cafeteria Workers, the Custodians, the School Nurse and the Teacher Consultant.

The Municipal Budget Committee of Gilford has given the School Board and the school excellent cooperation in the joint goal of the best education that can be furnished at a reasonable cost.

A quotation from the new "New England" prepared by the National Shawmut Bank of Boston as a Re-affirmation of Faith in Our Area could well apply to the town of Gilford: "It has a priceless heritage of educational, cultural and scientific leadership on which to build its future and adequate capital to finance it. It is a good place to live, with its varied cultural and recreational facilities and we believe that it is a good place to do business."

Cordially yours,

GORDON L. FOX,
Superintendent of Schools
